Global Coverage: Search and assess companies in more than 190 countries with results presented in a standard, consistent format. Whether you're vetting potential business partners or assessing current ones, Urba360 has you covered.

Elevate Your Risk Management Strategy with **Urba360**.

THE Urba360 WHEEL: A HOLISTIC VIEW OF RISKS

Be it customers, suppliers, or other business partners, pinpoint and understand their risk profile seamlessly with **Urba360**.

Urba360 Wheel

Dive into the comprehensive Urba360 Wheel that employs a clear colour code to rapidly indicate the risk status of a company in 6 pivotal areas.

Coface Expert Score

Our unique score shows the probability of default for a company in the following 12 months from 0 – 10.

Late Payment Index (LPI)

The Late Payment Index reflects the payment behavior observed by Coface for a company over a 60 months period.

Credit Opinion

The maximum credit limit our Risk Experts would recommend to the company based on our global underwriting expertise.

Key Financials

Financial information, key financial ratios and peer group comparisons for the company.

Sector Risk

Assessment based on Coface's expertise and payment experience data, external financial data forecasts and multifactorial key items.

Country Risk

Assessment of the country risk – vulnerability to political and economic shocks on the basis of macroeconomic, financial and political data gathered and analyzed by Coface Economic Research Team.

Your Comprehensive Risk Management Companion.

In a world where business decisions need to be both swift and informed, Urba360 stands as a pivotal source of insights.

Harness the power of Coface's expertise and make the future predictable.
